Pending Adult Guardianship Cases

Grouped by Status

Cases represented in the previous table and this graph contain cases with any initial filing date. Disposed cases are not listed here. Age of case is determined by the date the status was updated.

Pending - Active: A count of cases that, at the start of the reporting period, are awaiting disposition.

Pending Active - Ex Parte Order: A count of cases that have an ex parte order of guardianship filed and are awaiting further action.

Pending Active - Temp Order: A count of cases that have an order of temporary guardianship filed and are awaiting disposition.

Disposed/Set for Review: A count of cases at the end of each month that, following an initial Entry of Judgment, are awaiting a regularly scheduled review involving a hearing before a judicial officer during the reporting period.

Reopened: A count of cases in which judgments have previously been entered but which have been restored to the courts pending caseload due to the existing filing of a request to modify or enforce existing judgments.

These days represent the time from petition to adjudication, at which point the cases stop aging. This group represents cases that are awaiting a regularly scheduled review (ex., annual report). These cases do not continue to age, and therefore, remain static in their respective age grouping.

Appendix A. Statutory Authority for Types of Guardianships

NRS 159 provides for the appointment of 5 different types of Guardian.

1. Guardians of the Person, of the Estate, or of the Person and Estate for persons who are incapacitated whose home state is this State (NRS 159.0487)

This is a General Guardianship over the Person, Estate or both over a person found to be incapacitated with all of the powers available under NRS 159 granted to the Guardian. However, the Guardian must still petition the Court before taking action in relation to certain aspects of the Person and or Estate.

a. Summary Administration of a Guardianship Estate (NRS 159.076)

Ordinarily a Guardianship of Estate requires annual accountings to be heard on noticed hearing by the Court. However where it appears after payment of all claims and expenses of the guardianship that the value of the Ward's property does not exceed \$10,000 the Court may dispense with annual accountings and all other proceedings required by this chapter. However the Guardian must notify the Court through an amended inventory should the net estate exceed \$10,000 and file annual accountings from that point on.

2. Guardians of the Person, of the Estate, or of the Person and Estate for persons who are incapacitated who, although not residents of this State, are physically present in this State and whose welfare requires such an appointment (NRS 159.0487)

This is the same type of Guardianship as described at 1. However it is the physical proximity in state and the circumstantial requirement of appointment rather than residence which allows the Court to make an order. The powers granted are the same and subject to the same statutory requirements of permission before action is taken.

3. Guardians of the Estate for nonresident persons who are incapacitated who have property within this State (NRS 159.0487)

This describes a guardianship concerned with property held in this state only.

4. Special Guardians (NRS 159.026, NRS 159.0801, NRS 159.0805)

This is a guardianship over a person found to be a limited capacity as opposed to incapacitated, and the proposed protected person has consented to the appointment of guardian. The Court may dictate the powers granted to the Special Guardian and, save in emergency situations, must apply to the Court for instruction or approval before commencing any act relating to the person of limited capacity. The Special Guardian of the Person may also be granted powers to manage and dispose of the estate of the protected person.

5. Temporary Guardian of the Person and/ or Estate (NRS 159.0523/0525)

The Court may grant a temporary guardianship over the Person, Estate or both. This may be granted on an ex parte basis but in such circumstances must be heard not later than 10 days after the date of appointment or the guardianship will expire. The Court may extend the guardianship for no longer than 5 months unless extraordinary circumstances are shown. The Court shall limit the powers of the Temporary Guardian to those necessary to respond to a substantial and immediate risk of physical harm or financial loss as is relevant.

6. Guardians ad litem (NRS 159.0487 and NRS 159.0455)

This is an appointment of an individual to advocate for the protected person's best interests and which shall serve until relieved by court order. Guardians ad litem typically are not authorized to act unilaterally on the protected person's behalf without a court order.

Appendix B. USJR – Family Disposition Definitions

Non-Trial Dispositions: A major classification category for family-related case dispositions in which a case is disposed of by a dismissal, default, settlement, withdrawal, transfer, or other non-trial action.

Other Manner of Disposition: A subcategory of family-related non-trial case type dispositions including ones of unknown specificity or dispositions not attributable to one of the other defined family-related disposition categories.
